The Proverbs were also recently declared the "Most-played Artist of the Year" by the "Radio Music Group".

The Proverbs have been voted "Canada's Top Mixed Gospel Group" more than a dozen times by CGMA, and have also shared the stage with many of the top US gospel artists who are regularly featured on the popular Gaither Homecoming video series.

The Proverbs latest 8 albums are available on most online digital music download and streaming services, and physical copies on CD or USB-Card are also available at all of their personal appearances.

The members of the Proverbs are dedicated to sharing their personal faith through live musical performances that feature their trade-mark vocal harmonies backed by music from their many albums; complimented by state-of-the-art, sound, lighting and synchronized video, and presented in a contemporary family-friendly multi-media package.
